Sentinel

Transforms almost any retail shelving into a secure self-shopping solution.

Control shrinkage, protect scan-and-go zones, and minimize out-of-shelf losses without replacing existing shelves. This brings positive ROI to Autonomous stores.

A non-intrusive, robust security layer that finally makes self-shopping stores profitable.

"Revolutionize Retail: Secure, Streamline, and Profit with Shekel's Smart Shelf Solution!"

Sentinel: Makes Standard Shelves Smart - Easily

Shekel's Sentinel is a cutting-edge retail security add-on designed for existing grocery shelf arrays.

Using WeightAI technology, Sentinel translates on-shelf events into SKU validation or recognition based on specific use-case needs.

Sentinel helps reduce shrinkage, maintain on-shelf availability, and foster a secure, customer-friendly shopping environment for shoppers and retailers.

Enhanced Theft Prevention: Real-time weight tracking minimizes shrinkage and flags suspicious activity.
